

## Your waste, your responsibilities.

As a householder, rubbish you've handed to someone else is still your legal responsibility until it is correctly disposed of. If someone - such as an unlicensed 'man in a van' found online - were to fly-tip that waste, you could end up paying a fine or being taken to court.

Make sure you are covered when handing over your waste: -

- Suspect all waste carriers until they have provided their licence
- Check their licence details on the public register for waste carriers
- Refuse unexpected offers to take your waste away
- Ask how your rubbish will be disposed of
- Paperwork – get an invoice or receipt for the waste they're taking, including their contact details.

If a builder, tradesman, gardener etc. transports waste on your behalf, such as debris left over from a job they've done for you - they also need to be registered as a Waste Carrier and dispose of any materials in a responsible manner.

You can check a Waste Carrier Licence [here](#) or scan the QR code.

**LET'S S.C.R.A.P. FLY TIPPING!**

Around two thirds of fly tips are household waste. These are examples of **FLY TIPPING** which YOU could be fined or prosecuted for.

The poster features a yellow background with a black and yellow striped border at the top and bottom. It includes five small photographs showing examples of fly tipping: a pile of waste in a field, a pile of waste next to a house, a pile of waste in a garden, a pile of waste in a street, and a pile of waste in a field.
